Welcome to OnSight Eye Center. We are excited to help you achieve your optimal vision!

Attached you will find our clinic forms that we need in order to best serve you. Please bring completed paperwork with you to your appointment, along with your medical insurance card and photo ID.

A few things to plan for your visit with us...

All ***new patients and previously established patients visiting our clinic for the first time will be dilated. Please plan accordingly if you feel you will need someone to drive you to and from your visit.

If you have been seen elsewhere for eye care, are self-referring, or we have not received a referral for you to be seen, please reach out to your previous clinic(s) to have records faxed to our office at 541.323.0744.

Cataract Consult patients will need to be out of contact lenses for 2 weeks prior to their appointment, if possible, to capture optimal measurements and complete a full examination. Otherwise, we may ask that you return for an additional visit.

*** New Patients appointments will take 1.5 hrs to 2 hrs.

Directions to our clinic are on the back.
